I am a dedicated Software Engineering student with over four years of professional experience as a freelance web designer, specializing in the WIX platform. Throughout my freelance career, I have delivered tailored, high-quality web solutions for a diverse client base. My current focus is on advancing my expertise in Artificial Intelligences.

🎓 Education

10/2022 - 07/2026   **CGPA : 3.28**
BS in Software Engineering
Capital University of Science and Technology

08/2019 - 05/2021   **918/1100**
ICS
Fauji Foundation College new Lalazar

03/2017 - 03/2019   **880/1050**
Matriculation
Fauji Foundation College new Lalazar

👷 Final Year Project

I plan to develop my Final Year Project in the field of **Artificial Intelligence**. The exact topic will be finalized soon, but it will involve building a practical AI-based solution using techniques like machine learning or computer vision, focused on solving a real-world problem.
